

HISTORIC RESOURCES SURVEY

Historic Kansas City (HKC) will announce the results of the Westport Historic Resources Survey (survey) on Tuesday, February 6, 2018 at 6:30 pm at the Westport Presbyterian Church, 201 Westport Rd., the first comprehensive survey to inventory, map and describe Westport’s significant cultural resources. The survey will be an important tool for protecting and preserving Westport’s distinctive character as the area continues to grow and change.

The public is invited to attend a presentation by Historic Kansas City and Rosin Preservation, who prepared the survey, to learn more about the survey process and eligible historic resources that were identified.

The survey showcases the diversity of cultural resources in Westport, including places of social importance, architecturally significant buildings, and historic districts. This inventory will be accessible online after February 6th at www.HistoricKansasCity.org by anyone interested in Westport’s cultural resources. As Westport continues to be a district of rapid change, the survey gives developers, property owners, residents, policymakers, and the public information about significant historic resources in their community.

The Survey was paid for by the generous contributions from “Help Save Old Westport” GoFundMe contributors, the Kemper Fund for Kansas and Missouri of the National Trust for Historic Preservation, and the City of Kansas City, Missouri.

For more information see our website at: www.historickansascity.org.
