

# CALL FOR NOMINATIONS

## 2018 Preservation Awards

Historic Kansas City is accepting nominations for our annual Preservation Awards. Award categories cover a broad array of preservation issues in order to encourage nominations from a wide range of professionals and disciplines. Nominations are due Friday, February 15<sup>th</sup> 2019. The nomination process is very simple—it will just take a few minutes of your time.

### **Awards:**

**1. Best Adaptive Re-Use:** Awarded to a project that is an exemplary example of a creative, innovative and appropriate re-use of a historic structure. The current use of the building must differ from its historical use.

**2. Best Preservation Practices:** Awarded for a restoration project that has undergone work in rehabilitation, restoration or reconstruction that allows for the continued original use of the structure.

**3. Contemporary Design in a Historic Context:** Awarded to a project that displays appropriate and innovative contemporary design in a historic context. Any contemporary building located within a historic context is eligible, including a major addition to a historic building. The project is expected to respect and complement the historic integrity of its setting. Nominations should focus on significant aspects of the historic setting and the manner in which the contemporary design acknowledges and complements them.

**4. Neighborhood Stabilization Award:** Awarded to a project, individual, business or group that has greatly contributed to the revitalization of a historic neighborhood or reclamation of abandoned or poorly maintained property or structure.

**5. Richard Nadeau Award for Organizational Achievement** - This award recognizes outstanding achievement in preservation activities by a group, business, municipality, neighborhood or other organization.
