CELEBRATING PRESERVATION ACROSS THE KANSAS CITY REGION

Historic Kansas City's annual Preservation Awards recognize projects and people who have strengthened the Kansas City region through rehabilitation, adaptive reuse, thoughtful new design, neighborhood investment, preservation advocacy, and skilled craftsmanship.

The 2026 event begins with a cocktail reception and after-hours access to Memory Hall and the special exhibition Story of the Museum and Memorial, followed by the awards ceremony in the Museum auditorium.

Sponsorship provides direct visibility among property owners, developers, architects, contractors, preservation consultants, civic leaders, and community advocates. Proceeds support the awards program and Historic Kansas City's year-round work in advocacy, education, and technical assistance in promotion of historic preservation.
